PROFESSIONAL SUMMARY

Results-driven **Operations Manager** and **Team Leader** with expertise in technical estimation engineering and high-volume operational management within the insurance sector. Proven success in optimizing claims processing workflows, ensuring IRDAI regulatory compliance, and leading cross-functional teams of 10+ members to drive organizational efficiency and strategic growth.

CORE COMPETENCIES

Management:	Operational Oversight, Strategic Decision Making, Team Leadership, Hiring & Training.
Operations:	Workflow Optimization, Claims Processing, Risk Management, IRDAI Compliance.
Technical:	Project Cost Estimation, Material Requirement Analysis, System Knowledge, MS Excel.

PROFESSIONAL EXPERIENCE

INSUSAFE

Feb 2025 – Present

Operations Manager | Ernakulam & Kozhikode

- **Operational Excellence:** Designed and implemented new workflows that significantly improved claims processing speed and reduced policy turnaround times.
- **Compliance & Risk:** Directed policy servicing and claims operations to ensure 100% adherence to **IRDAI regulatory standards** and quality assurance.
- **Team Leadership:** Managed and mentored a team of 10+ operations staff and claims adjusters, fostering a high-performance culture.

AVODHA EDUTECH PRIVATE LIMITED

Feb 2024 – Aug 2024

Team Manager | Kakkanad (Infopark)

- **Strategic Leadership:** Led a cross-functional team to consistently achieve organizational goals through effective duty delegation and performance tracking.
- **Talent Management:** Managed recruitment processes and developed training programs to upskill team members in alignment with business objectives.

3RD EYE SECURITY SYSTEM

Jun 2022 – May 2023

Jr. Estimation Engineer | Thrissur

- **Cost Management:** Conducted detailed cost estimations for CCTV, automation, and solar projects to ensure accurate budgeting and cost control.
- **Resource Optimization:** Performed material requirement analysis for system installations to maximize resource utilization and project efficiency.

TECHNICAL PROJECTS

Assistive System for Visually Impaired Persons

- Developed a Raspberry Pi-based system using **Image Processing** for real-time object recognition and audio feedback.
- Integrated ultrasonic sensors for obstacle detection and path navigation to enhance user safety.

EDUCATION

Bachelor in Electronics and Communication Engineering (CGPA: 6.5)

IES College of Engineering | 2018 – 2022

Higher Secondary Education - Science (74%) | GHSS, Kayanna

SSLC (87%) | HSS Perambra

CERTIFICATIONS & INTERNSHIPS

- **IoT Internship:** Keltron
- **Embedded Systems:** ALG International Institution of Technology
